

ST.ANTHONY'S BOYS VILLAGE-ROGATIONIST FATHERS GROUP (Composed of 9 sisters)

Deeply touched by their experience in the village, the group has the following impressions:

- warm accommodation and hospitality of the Rogationists;
- welcoming, friendly, happy and well disciplined boys;
- integrated and holistic formation of the boys;
- Well-organized and systematic formation program of the village;
- continuous bonding with parents, regularly allowing them to visit home;
- the boys understand the purpose of being in the village and their goal in life.

We believe that the foregoing impressions are fruits of the authentic witnessing of the Rogationists to their charism/Spirituality, Vision and Mission so much so that they radiate it to their clientele, who in turn strive to put into practice, making the entire village a BIG HAPPY FAMILY.
